Changes are coming to Washington Apple Health (Medicaid) in 2019
for Pierce County

We are making a shift to better care
Apple Health is shifting to whole-person care. This means care is coordinated so that people get the help they need, for physical and behavioral health (mental health and substance use disorder treatment).

As part of our commitment to deliver better care, managed care plans available in your county, may change beginning Jan. 1, 2019. We recognize change can be disruptive, but we have put in place resources so the transition is as smooth as possible. This change will not reduce any benefits. Apple Health clients will continue to receive all of the same services they currently receive.

Available plans
In 2019, Apple Health managed care plans, including Apple Health Core Connections which covers the statewide foster care program, will start to cover behavioral health treatment services, along with physical health services.*

Most clients will remain with the same health plan; however, there are a few places where plans will no longer be an available choice within a county (see the next page for more information). Clients will stay enrolled in their current plan, unless that plan will not be an option in 2019. In that case, HCA will auto-enroll clients to one of the offered plans.

We will keep you informed
We will share information with clients and the wider community so that people are prepared for the change and clients have time to choose another plan if they want to.

Here are some key dates for clients:
October 1, 2018 – HCA sends a letter to Apple Health clients to summarize the changes to behavioral health services that start in January
November 20, 2018 – HCA begins enrollment process for Jan. 1, 2019
Late November, early December – HCA sends a letter to clients with the name of their health plan, a link to their benefits booklet, and how to change their plan.
December 1, 2018 – HCA’s website and customer service phone lines will be available to assist clients

Email: askmedicaid@hca.wa.gov

*This change applies to Apple Health managed care programs. This does not apply to individuals receiving Apple Health coverage without a managed care plan. These individuals will continue to receive physical health services as they do today. For more information about access to behavioral health services for these individuals, view the BHSO fact sheet at www.hca.wa.gov/assets/program/bhsoblisltfact-sheet.pdf.
The following map and table provides a brief overview you can use with your clients to explain which integrated managed care plans will be available starting January 2019.
